## APPLICATION INSTRUCTIONS ( Important )

Sewing on: About 2mm should be left between sewing line and edge.  
 Less than 5 stitches per centimeter  
 Recommend to use 100% polyester thread

## STORAGE:

Store in a cool place free of moisture, dry area and use within 1 year of receipt. Rolls should be stored in their original cartons, whilst partially used rolls should be returned to their carton. The retro-reflective performance of all reflective materials is affected by soiling. Any kind of dirt, such as liquid chemicals, greases and alike will reduce brightness in the area of contamination.
